A sustainable FUTURE begins with investing in our clear skies NOW

LAUNCHING NOW: A NEW IMPACT INVESTMENT FUND TARGETING GLOBAL CLIMATE ACTION, AS WELL AS OTHER IMPACT INVESTMENT PRODUCTS TO GENERATE VALUE FOR ALL STAKEHOLDERS.

MONTREAL, February 2, 2022 - Clear Skies Investment Management Inc. officially opens two open-ended funds today composed of well-managed and purpose-driven companies making a positive impact for people and planet. One such fund is notably tailored to address climate change mitigation and adaptation.

In the face of climate change, humans have the power to alter the atmosphere and the biosphere in which we live, the power to destroy and to repair. But we also have the power to achieve amazing things together, witnessed in the collaborative goal setting conference of the United Nations COP 26 in Glasgow. As of now, collective investment in our future can inspire action, increasing growth opportunities for numerous sectors of the economy. It is time to adapt to the changes we see happening in the world and make our invested capital work for the global good while generating value for all stakeholders.
